### Report of the event

Recognizing the pivotal role that effective Spoken English plays in shaping a well-rounded student, the Department of English at our institution orchestrated a dynamic program focused on honing this vital skill. In the contemporary landscape, proficiency in spoken English transcends academic boundaries, extending its influence into the professional, business, and social spheres. With this understanding, our department embarked on a mission to empower students to express themselves fluently in English across various facets of life.

On the 23rd of November 2022, at 11 am, the vibrant Room No. 318 became the setting for our endeavor. A robust turnout of 39 students from the Department of English enthusiastically participated in the program. Adding prestige to the occasion, Mr. Madhusudan Garain, our esteemed Officer-in-Charge, graced the event and shared insightful thoughts on the imperative of mastering "Spoken English." He underscored the contemporary significance of English as the global lingua franca, emphasizing its pivotal role in the current era of globalization. The program was further enriched by the presence of Dr. Partha Pratim Das Choudhury, the Coordinator of the Internal Quality Assurance Cell (IQAC).

The instructional component, led by Mr. Subendu Mondal and Mr. Nurul Hasan, delved into diverse facets of "Spoken English." Engaging discussions and interactive sessions provided students with a nuanced understanding of effective spoken communication. Following this, each student had the opportunity to articulate their thoughts in English, with the teachers offering constructive feedback to refine their spoken language skills.

As the program drew to a close, the transformative impact on the students was palpable. Not only did they exhibit enhanced fluency in spoken English, but they also radiated newfound confidence in expressing themselves articulately. The success of the program was evident in the students' ability to speak proficiently in English, aligning seamlessly with the broader objectives of the initiative. ### Report of the event

In acknowledgment of the indispensable role Spoken English plays in the holistic development of students, the Department of English at our institution embarked on an innovative program dedicated to refining this essential skill. This initiative aimed not only to fortify students' verbal prowess within academic contexts but also to adeptly prepare them for the diverse challenges of professional, business, and social communication in the English language.

The event unfolded on the 26th of April 2023, starting at 11 am in the intellectual hub of Room No. 214, where 34 enthusiastic students from the Department of English actively participated. Adding an air of prestige to the occasion, Mr. Madhusudan Garain, our esteemed Officer-in-Charge, graced the event and shared valuable insights on the imperativeness of mastering "Spoken English." Mr. Garain emphasized the contemporary significance of English as the global lingua franca, underscoring its pivotal role in the current era of globalization. Accompanying this distinguished presence was Dr. Partha Pratim Das Choudhury, the Coordinator of the Internal Quality Assurance Cell (IQAC).

Guiding the students through the intricacies of effective spoken communication, Mr. Subendu Mondal and Mr. Nurul Hasan addressed various facets of "Spoken English" through engaging discussions. Interactive sessions provided students with a comprehensive understanding of eloquent spoken communication. Following this, each student was invited to articulate their thoughts in English, with the teachers offering constructive feedback to hone their spoken language skills.

As the curtains fell on the program, the palpable transformation among the students was unmistakable. Their enhanced fluency in spoken English and newfound confidence in expression stood as a testament to the program's success. This event not only met its objectives but also served as a significant leap forward in preparing students for the intricate demands of real-life communication with articulate proficiency.
